

Perfection by design

Oasis worktops are manufactured in the UK to exacting standards in a range of designs uniquely selected to suit the UK palette. From the classic, welcoming woodgrain finishes to modern, sophisticated stone effects, our high pressure laminate worktops set the benchmark for durable, high quality construction that isn't reflected in the price.

- Suitable for all domestic kitchen applications
- Resistant to high temperatures, impact abrasion and household stains
- Available in both 38mm and 28mm thicknesses
- Awarded the Furniture Industry Research
 Association (FIRA) Gold Award for technical excellence
- Manufactured and tested to BS EN438.1.199
- Oasis worktops are subject to a programme of continuous quality control to ensure product quality and total satisfaction

A Touch of Quality

It's the look and feel of the work surfaces that bring a kitchen to life. Oasis worktops come in a choice of tough yet beautiful textured finishes, from the shimmering sophistication of Crystal to the subtle, clean matt of Universal, all designed to bring an extra dimension to the worktop. Not just a feast for the eyes, but a treat for the fingertip.

Profiles

Depending on the thickness of your chosen worktop, the Oasis range is available in two profiles.

38mm Bullnose

The stylish profile has a 6mm radius with continuous return to add with a 90° return to a touch of elegance.

28mm Waterfall

The profile has a 10mm radius to the top edge provide a graceful, gently flowing arc.

Worktop Specification

- Latest technology high pressure laminate
- Water and heat resistant
- High quality environmentally friendly chipboard core
- Sealed back edge
- Laminate wrap around
- Sealed front edge to prevent the penetration of moisture and steam

Upstands

Oasis worksurfaces can be accompanied by stylish and hygienic upstands in order to provide a neat and attractive finish between the worksurface and wall. The upstands are available in a variety of decors, please see page 9.

How to care for your new worktops

Oasis worktops are easy to maintain, simply use a damp cloth and a mild detergent or non-abrasive cleaner to keep the surface clean and hygienic.

Stubborn stains should be removed immediately (the use of abrasive cleaners should be avoided).

Whilst your worktop is resistant to high temperatures you should always put hot objects on to heat resistant mats or trivets. Our gloss finish feature 'AR Plus' technology

gives enhanced wear and scuff resistance, however it is advisory to take extra care with gloss finish worksurfaces as they are more prone to marking. Try to avoid sliding objects across the surface of the laminate. To prevent damaging the surface, always use a chopping board for preparing food. Full details for care and maintenance can be found in the Care Guide included with every work surface or discuss with your retailer.

We only supply FSC certified wood products. This means we've used either timber traceable to a forest that is managed sustainably, or recycled waste wood diverted from landfill.

We monitor our use of water and energy constantly to identify opportunities to

reduce usage and have invested heavily in processes that generate energy from wood-based carbon neutral fuel, significantly reducing carbon emissions.

We are proud to be BlueGreen certified as a supplier of Carbon Positive chipboard.

28mm Work surfaces

38mm Work surfaces

Textures

Pearl (PE)
A subtle, burnished surface detail

Smooth (BS)
A contemporary smooth matt finish that looks as good as it feels

Universal (U)
A smooth matt look and feel, giving your worktop a simple, clean finish

Crystal (CR)A sophisticated texture that offers a delicate surface shimmer

Deep Crystal (DC)A unique elegant texture that lifts the design with a 3D effect

Gloss (GL)
A gloss finish with unique 'AR Plus' technology, giving enhanced wear and scuff resistance

Radiance (RA)
A unique texture that captures the realism of quartz found in natural stone

Due to variations in the printing process, colours in this brochure may be subject to deviation from the actual product. It is always advisable to obtain a sample from your retailer prior to ordering.
